DC-746 Cutter Creaser

Fully automated Set-up

The **Duplo DC-746 Cutter Creaser** is Duplo's most powerful and versatile slitter, cutter, and creaser, designed to handle high-volume production with precision and speed.

Ideal for applications like business cards, brochures, and intricate direct mail pieces, it streamlines complex finishing tasks in a single pass.

With advanced features, including a high-capacity feeder, automated setup for up to 30 jobs, and lightning-fast speeds of up to 50 sheets per minute, the **DC-746** ensures maximum productivity.

Its enhanced feeding mechanism supports a wide range of paper types, delivering unparalleled accuracy even for digital stocks prone to curl or static.

The **DC-746** is expandable with optional modules for rotary perforating and cross-perforating, making it a perfect choice for PSPs looking to increase efficiency, reduce manual intervention, and produce premium-quality finished products.

Dimensions:

W3040 x D870 x H1730mm (with PC)

Automated Set-up
